Come learn about San Diego Gas & Electric's Smart Green Grid initiatives and available careers in the energy industry! This event will give college students and professionals the opportunity to meet and network with engineering and technology industry experts.

Pre-registration is required.

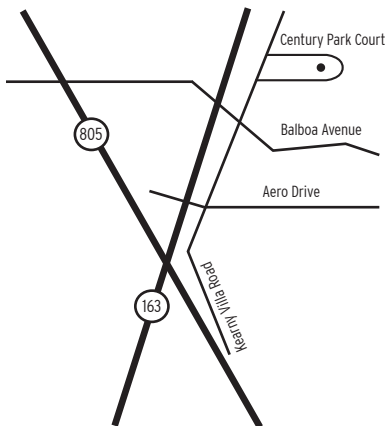

Learn from an expert...

Caroline Winn is the Director of Transmission & Distribution Asset Management at SDG&E.

She is responsible for the development of asset strategy, investment planning, electric reliability and technology innovation, and

development for the electric transmission and distribution system. Caroline also manages the Smart Grid initiatives as part of Sempra Energy's business transformation project, OpEx 20/20. She is a registered Professional Electrical Engineer. Caroline joined SDG&E in 1986 and has held various positions within the electric transmission, distribution engineering and operations areas.

Programs: Program content and speakers are subject to change without notice. Space is limited, and all programs are offered on a space available basis. San Diego Gas & Electric® (SDG&E) reserves the right to cancel any program. In the event of such cancellation, SDG&E has no responsibility for non-refundable or other costs incurred by registrants in anticipation of any program. Registrants must be 16 years of age or older, and casual business attire is requested.

Cancellation policy: Written or verbal notice of cancellation by registrant should be received by SDG&E at least seventy-two (72) hours prior to the start of the program.

Disclaimer: Content of seminars and other program information is general in nature and not guaranteed or warranted to provide solutions to any specific situation. Programs are provided for information purposes only. SDG&E is not responsible for the views, interpretations or recommendations made in any program, which reflect the positions of the presenters. SDG&E does not endorse any particular product, manufacturer or service discussed, and does not represent that any goods or services are fit for any purpose or use.
