

Are You Curious About Working ? At a High Technology Company ?

Participating in a Shadow Day
is the way to find out.

SHADOW an ENGINEER

NORTHROP GRUMMAN

During a Shadow Day, you will:

- Visit Northrop Grumman's Aerospace Systems facility in Rancho Bernardo
- Follow an engineer around in his or her department to get a first-hand look into their day to day operations
- Get an executive overview of the corporation
- Take an inside look of the labs

Breakfast and Lunch will be provided. This day is designed to help you make the best career decision possible. Internships are being filled now, so this is a great opportunity to discover what Northrop Grumman has to offer.

Shadow Days are reserved for enrolled engineering students only. If you are interested in signing up, please send your resume to: AS-University-Recruiting@NGC.com.

Space is limited so act fast! Once your resume has been received, you will be contacted (via email) with a confirmation and details on the event.

U.S. Citizenship is required.

Northrop Grumman Corporation is a \$31.5 billion global defense and technology company, whose 120,000 employees provide innovative systems, products and solutions in information and services, electronics, aerospace and shipbuilding to government and commercial customers worldwide.
