- Thinks critically and objectively
- Has at least 1 year experience in designing web sites/ application and creating templates based off mockups, as well as creating web animations.
- Has experience working with Photoshop (technical knowledge of web optimization), Illustrator, Dreamweaver, Flash including AS3
- May have some experience working with editing video and audio.
- May have some experience writing clean HTML 4/5, CSS 2/3 and JavaScript, JQuery, or AJAX, troubleshooting UI issues between browsers
- Good communication, analytical, problem solving skills, and detail-oriented

By working with our team, you'll get:

- PAID!**
- The opportunity to show off your web design skills
- An unparalleled mentoring experience with our skilled designers
- Experience working in the business world of professional Web design
- The chance to work at one of San Diego's “Best Places to Work” (according to the San Diego Business Journal and San Diego *Magazine*) and one of the “15 Fittest Companies in America” (according to *Men's Fitness* magazine)

This is an excellent opportunity for current students or graduates. We're proud to say that many of our interns become regular, full time ASH employees! Email work samples or design portfolio that demonstrates solid knowledge of web design principles with your resume, the position title and salary requirements to: [hr@ASHN.com](mailto:hr@ASHN.com).
