

WEB PROGRAMMING INTERN (PAID)

You're **passionate** about learning: ✓

You're **knowledgeable** about the latest Web technologies: ✓

You want to work with a company that successfully **helps others**: ✓

At American Specialty Health (ASH), our mission is to “empower individuals to live healthier and longer.” Interning with ASH affords you the opportunity to gain valuable experience and work for a company that helps others achieve their personal health improvement goals. **And you'll get paid to do it!**

So what do we need from you?

It's simple—we'd like an intern who:

- Has or is pursuing a B.S or Masters degree in Computer Science
- Thinks critically and objectively
- Has completed courses in Object-Oriented Programming, relational databases as well as client/server or web development.
- May have some experience working with ASP.NET, .NET 3.5, and SQL 2005/2008
- May have some experience working with HTML, CSS, XML, AJAX, JQuery, and JavaScript
- Good communication, analytical, and problem solving skills

By working with our team, you'll get:

- PAID!**
- The opportunity to show off your .NET web development skills
- An unparalleled mentoring experience with our skilled programmers
- Experience working in the business world of professional Web developers
- The chance to work at one of San Diego's “Best Places to Work” (according to the *San Diego Business Journal* and *San Diego Magazine*) and one of the “15 Fittest Companies in America” (according to *Men's Fitness* magazine)

This is an excellent opportunity for current students or graduates. We're proud to say that many of our interns become regular, full time ASH employees! E-mail your resume with position title and salary requirements to: hr@ASHN.com.

If you haven't done so already, check out why American Specialty Health, Inc. is a best place to work and an employer of choice for healthy lifestyles by visiting our website at www.ashcompanies.com.
