

# Center for Energy Efficient Electronics Science (E<sup>3</sup>S) at University of California, Berkeley

## *2012 Summer Research Workshop*

**August 5-11, 2012**

### EXCITING RESEARCH AREAS

- Nanoelectronics
- Nanomechanics
- Nanophotonics
- Nanomagnetism

### PROGRAM BENEFITS

- 1-week hands-on lab experience
- Preparation for undergraduate research
- Guidance on planning for graduate school
- Guest speakers, lab tours, and field trips
- Room and board provided
- Limited travel allowance

### WHO SHOULD APPLY?

- US Citizens or Permanent Residents
- Undergraduates in Engineering and Physical Science majors, including community college students
- 3.25 grade point average or higher
- Underrepresented students and women are encouraged to apply

**HOW DO I APPLY?** Visit [www.e3s-center.org/SRW2012.htm](http://www.e3s-center.org/SRW2012.htm)

**APPLICATION DEADLINE:**

**May 1, 2012**
