

INSTRUCTIONS TO APPLICANTS OF THE CEAC MEMORIAL SCHOLARSHIPS 2012

The County Engineers Association of California will grant up to three \$2,000 cash scholarships to qualified Engineering or Land Surveying students for study leading to a bachelor's degree in civil engineering or land surveying. Each student must be enrolled in upper division course work leading to a Civil Engineering or Land Surveying Degree, with a high grade point average, have demonstrated a need for the scholarship, and have participated in related outside activities such as a Student Chapter ASCE, Student Member CLSA or American Public Works Association. These various factors, including outside activities, will be considered in awarding the scholarship.

In addition, in order to be eligible for the above scholarship, an applicant must complete the attached application form and write a professional and educational goals letter. This letter will have considerable weight in grading the merits of the applicant, as well as the student's grade point average and the need of the applicant.
