

MESA Research Academy

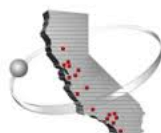

August 3-7, 2015 – 8:00 am to 4:30 pm

A train-the-trainer academy for understanding "what is research"

- 5 day immersive experience to introduce research to undergraduates
- Participate in active research projects at SDSU and UCSD, including:
 - Near space balloons
 - Flames in microgravity
 - Advanced prosthetics
 - And more!
- Learn research and presentations skills
- Learn about research opportunities in San Diego
- Contact your campus MESA director to participate

Sponsored by the California Space Grant Consortium and the San Diego MESA Alliance
